## PASTORAL POEM

The summer sky is blue and high.  
The limbs are on the tree:  
A bluish tint is on the eye.  
Just as it ought to be.

A man appears; his hands are big  
And he gets red and hot  
Endeavoring to chase a pig  
Out of the orchard lot.

He rages and he rips around.  
His anger is intense;  
The pig leaves the forbidden ground  
And waits outside the fence.

The farmer goes to till his land.  
The pig, devoid of care,  
Goes back into the orchard and  
Resumes his rooting there.

Dover hasn't a vacant house within its corporate limits.

Miss Willa Burgoyne is the new Postmistress at Washington.

Aberdeen's new Bank, capitalized at \$25,000, is now doing business.

The Dover News has one valued subscriber who has paid his subscription up to May, 1908.

Miss Kittie Dixon, youngest daughter of the late Dr. W. A. Dixon of Ripley, has been made Principal of the Gregg School of Phonography at Chicago.

Music is now taught in the Minerva school. Miss Anna Cook, of Fernleaf, having accepted the position of teacher. There are 25 in the music class.

After a hard and bitter fight, the Grand Lodge of the Knights of Pythias of Kentucky, at its meeting at Louisville Wednesday, decided to rescind the resolution adopted last year, by which the Widows and Orphans Home at Lexington was ordered to be sold, and a new Board of Control was elected to take charge of the home, which has never been opened, and by next spring it is hoped to have the institution ready for the reception of inmates. The Home has been a bone of contention in the sessions of the Grand Lodge for two years.

The motion made at the recent term of the Clark Circuit Court to disbar Judge W. M. Beckner of Winchester was not based upon the usual grounds for such a proceeding. The reason for it seems to have been that Judge Beckner made an affidavit to be used in a legal proceeding in London, England, which, it is charged by some of his personal enemies, contained reflections on the Special Judge in a case at Winchester, in which he was Attorney for one of the parties to the controversy in England. Judge Benton, the regular Judge of the Clark Circuit Court, having been counsel with Judge Beckner in the case, could not hear the motion, and Governor Beckham appointed Judge W. O. Harris of Louisville to try the matter, which is not taken seriously by Judge Beckner's friends.

In Covington THOMAS MULVEY, aged 18, through his best friend and fellow-pitcher, filed suit in the Circuit Court against the Chesapeake and Ohio Railroad for \$15,000 alleged damages. MULVEY avers that he was struck in the eye by a splinter of steel from a chisel being used by a fellow employe, and that as a result he lost the sight of one eye. Of course, the Damage Suit Lawyer will make it plain to the Long Eared Jury that it was the Maysville Yard Engine that handled the chisel, which was struck a left-handed blow by the West End Water Tank, thus shunting a section of the Front Street Viaduct into Mr. MULNOOLEY's right eye. Therefore, damages will be certain, m'-boy—with a fat fee for the D. S. L.

## THE REASON

Why John C. Pecor Continues to Recommend Vinol

First: Because it is not a patent medicine and it contains besides tonic iron all of the medicinal nutritive elements of cod liver oil actually taken from fresh cod livers, but without a drop of oil to nauseate and upset the stomach and retard its work; therefore, wherever old-fashioned cod liver oil or emulsions will do good, Vinol will do far more good.

Second: Because Vinol acts first upon the stomach, creates a healthy appetite, strengthens and tones up the digestive organs, purifies and enriches the blood, and in a natural manner restores health and strength.

Third: Because Vinol contains no injurious drugs to react upon the system; every ingredient being named on the label, a patient knows exactly what he is taking.

Fourth: Because we never sold anything in our store that gave such universal satisfaction for old people, weak, sickly women and children, nursing mothers, and to build up the system after a severe sickness, and for relieving hacking coughs, chronic colic, bronchitis and all throat and lung troubles.

Try Vinol on our guarantee. JOHN C. PECOR, Druggist.

NOTE.—While we are sole agents for Vinol in Maysville, it is now for sale at the leading drug-store in nearly every town and city in the country. Look for the Vinol agency in your town.

### 'T WILL BE GOOD.

When "My Wife's Family" played here a year or so ago, THE PUBLIC LEDGER had this to say: "Maysville theater-goers that failed to take in the performance at the Opera-house Saturday of 'My Wife's Family' missed one of the very best comedies that has been at this playhouse for many years. There was not a dull moment in the entire production, the situation being ludicrous in the extreme, the show as a whole being catchy and healthy."

## PLENTY OF WATER

That's What Uncle Sam's Experts Found in Mason County

The investigation of the ground-water resources of Mason county, recently completed by the Hydrographic Branch of the United States Geological Survey, has yielded some interesting results.

On the uplands, according to Mr. George C. Matson, who has conducted the field work, water for domestic uses can generally be obtained at depths ranging from 20 to 30 feet. A few drilled wells, varying in depth from 50 to 100 feet, have been very successful. Owing to the dense character of some of the rock encountered it would seem to be inadvisable to drill much deeper than 125 to 150 feet in the upland districts of the county.

In the Ohio River Valley an abundance of water is obtained by boring 80 to 110 feet. The water occurs in sand and gravel beds, and wells located near the river bank are reported to contain less mineral matter than those nearer the bluff. The water from this gravel has a temperature of about 56° F., and is very useful for cooling in ice factories and distilleries. It is suggested that wells sunk in the valley be located at least 100 yards from the foot of the bluff, as wells near the bluff may encounter rock and fail to obtain an adequate supply.

In some of the creeks there are springs of sulphur water, and wells in such localities may find similar water.

The city of Maysville takes its water from the Ohio river. The water is pumped to a large reservoir on the bluff, the altitude of the reservoir being sufficient to give a pressure of 150 pounds, thus insuring ample protection in case of fire.

Hon. E. T. Franks is to speak at Vanceburg tomorrow for the Republicans.

Mr. C. L. Tannan of Vanceburg, who bought the famous brood mare, Lady Ward, at the Baldwin sale recently, has sold her to Mr. A. J. Stein for \$225.

A gentleman in Louisville was communicating over the 'phone with a gentleman in this city the other day making inquiries in regard to operating a skating rink in this city. It has been a number of years since this healthful and exhilarating sport was in vogue here and there is no doubt that a well managed and properly conducted rink would be a paying investment. The Louisville party said he would arrive in a few days with a view of establishing one in Maysville if the conditions and prospects were favorable.

### DOCTORS DISAGREE

#### Different Opinions on Cooper's Remarkable Success

St. Louis, October 4th, 1906.

The astonishing sale of Cooper's preparations in this city has now reached such immense figures that the medical fraternity at large have become forced into open discussion of the man and his preparations.

The physicians as a whole seem to be divided with regard to the young man's success in St. Louis—some being willing to credit him for what he has accomplished, while others assert that the interest he has aroused is but a passing fad which cannot last, and which will die out as quickly as it has sprung up.

The opinion of these two factions is very well voiced in the statements made recently by two of a number of physicians who were interviewed on the subject.

Dr. J. E. Carass, when questioned about the matter, said: "I have not been a believer in proprietary preparations heretofore, nor can I say that I believe in them at present. But I must admit that some of the facts recently brought to my notice concerning this man Cooper have gone far towards removing the prejudice I had formed against him when the unheard of demand for the preparations first sprang up in this city.

"Numbers of my patients whom I have treated for chronic liver, kidney and stomach troubles have met me after taking Cooper's remedies, and have stated positively that he has accomplished wonderful results for them. I notice particularly in cases of stomach trouble that the men have relieved several cases that were of years' standing and proved very obstinate in treatment.

"I am the last man on earth to stand in the way of anything that may prove for the public good simply through professional prejudice, and I am inclined to give Cooper and his preparations credit as deserving to some extent the popular demonstration that has been accorded them in this city."

Another well-known physician who was seen took the opposite view of the "Cooper-mania," as he called it, which now has this city in its grip. He said: "I can only liken the present state of affairs to a certain kind of hallucination. For want of a better name I might call it 'Cooper-mania.' The people of St. Louis seem to be firm in the belief that this man Cooper has health cures up in a bottle.

"Some of them imagine that he has completely cured them of various ills judging from their statements. It is beyond me to say why the city has gone crazy over the man. It may be safely put down, I think, to one of the passing fads that so often attack the American public.

"Sooner or later the people are bound to regain their senses, and will then realize that a reputable physician is the one to whom their health had best be entrusted."

In the meantime Cooper meets several thousand people daily, and only smiles when statements of the above character are quoted to him. His charitable work still continues to be very extensive.

Augusta gave a majority of 133 for the "drys" in the local option election held this week.

There is nothing that takes away the beautiful, womanly charms like a plodding, stooped, awkward carriage. There is absolutely no excuse for that as long as Hollister's Rocky Mountain Tea is made. Tea or tablets 35 cents. J. James Wood & Son.

### TWICE-TOLD TESTIMONY.

Maysville People Are Doing All They Can for Fellow Sufferers.

Maysville testimony has been published to prove the merit of Doan's Kidney Pills to others in Maysville who suffer from bad backs and kidney ills. Let any sufferer doubt that the cures made by Doan's Kidney Pills are thorough and lasting, we produce confirmed proof—statements from Maysville people saying that the cures they told of years ago were permanent. Here's a Maysville case:

George N. Crawford, blacksmith and wheelwright, at Second and Lee streets, and living at 216 East Lee street, Maysville, Ky., says: "In the spring of 1900 I gave a testimonial telling what Doan's Kidney Pills had done for me, and I am pleased to say I can just as warmly recommend this remedy now as I did then. No other medicine ever gave me such prompt and positive relief from backache and kidney trouble as Doan's Kidney Pills, procured at J. James Wood & Son's drugstore, and I believe them to be by far the best remedy for kidney trouble is. Sufferers from such trouble ought to give it a trial."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.
